

Joint meeting of the ICG / IDS / ISDIS

Time – March 1st, 2013, 17:15-21:15

Location – Eden Roc Renaissance Miami Beach Hotel

Miami, FL, USA

Please join us for the joint meeting of the **International Confocal Group (ICG)**, the **International Dermoscopy Society (IDS)**, and the **International Society for Digital Imaging of the Skin (ISDIS)** which is held in conjunction with the 2013 American Academy of Dermatology meeting in Miami, FL.

The meeting is a unique opportunity to interact with other clinicians and researchers who are leaders in the field of skin imaging and enthusiastic about clinical implementation of non-invasive imaging.

Organizing committee: Giovanni Pellacani, Salvador Gonzalez, Josep Malvehy, Giuseppe Argenziano, Iris Zalaudek, Harold Rabinovitz, Alon Scope and Allan Halpern

Meeting agenda

17:15-17:30 Business meeting of the Executive Committee of the ICG

- 1) Update on the website and group activities
- 2) The value of RCM in a clinical setting: results from a prospective study and study proposal
- 3) Ex-vivo network

17:30-17:45 Business meetings of the Executive Committee of the IDS

- 1) Welcome
- 2) Call for attendance

- 3) Affirmation of protocol of last general assembly
- 4) Update on Society
- 5) Report by Treasurer
- 6) 4th IDS Congress in Vienna 2015
- 7) Miscellaneous

17:45-18:00 Business meeting of the Executive Committee of the ISDIS

- 1) New ISDIS website
- 2) Development of an imaging lexicon for dermatology

18:00-19:00 Scientific agenda of the ICG

Chairpersons: Salvador Gonzalez, Josep Malvehy, Giovanni Pellacani

18:00-18:12 “RCM and OCT, complementary tools for cutaneous malignancies”, by Martina Ulrich

18:12-18:24 “Mathematical characterisation of RCM data for predicting degree of photoageing”,
by Tarl Prow, Anthony Raphael, Tim Kelf, Elisabeth M. Wurm and H. Peter Soyer

18:24-18:36 “Role of the hand held confocal microscope for small facial papules”, by Naiara Fraga
and Harold Rabinovitz

18:36-18:48 “Adaptation of *in vivo* confocal microscopy for patient identification and therapeutic
strategies in sweat disorders”, by Melissa Gill and Kenneth M Huttner

18:48-19:00 “Preliminary studies of confocal microscopy for Mohs surgery: (1) pre- and intra-
operative imaging of margins on the patient, and (2) possibility of image-guided
laser ablation” by Miguel Cordova, Bjorg Larson, Kishwer Nehal, Jason Chen and
Milind Rajadhyaksha

19:00-19:15 Refreshment Break

19:15-20:15 Scientific agenda of the IDS

Chairpersons: Iris Zalaudek, Harold Rabinovitz

19:15-19:25 “Influence of pigmentation genes on dermoscopic naevus phenotype in high risk
melanoma patients from Queensland” by Phil McClenahan, Rick Sturm, Elizabeth

McEniery, Blair Burke, Kasturee Jagirdar, Nicola Douglas, David Duffy and H. Peter Soyer

19:25-19:35 “Volatility of melanocytic lesions in patients on BRAF inhibitors”, by Sarah Yagerman and Ashfaq Marghoob

19:35-19:45 “Basal Cell Carcinomas measured with High Frequency Ultrasound (22 MHz, TPM). Correlation between dermoscopy, histology and ultrasound”, by Paola Pasquali

19:45-19:55 “An index of diagnostic difficulty for malignant melanoma”, by Jürgen Kreusch

19:55-20:05 “The usefulness of dermoscopy in laser and IPL treatments”, by Domenico Piccolo

20:05-20:15 “Dermoscopic features of fungal melanonychia”, by Isil Kilinc Karaarslan

20:15-21:15 Scientific agenda of the ISDIS

Chairpersons: Allan Halpern, Alon Scope

20:15-20:45 “Dermatology Imaging Informatics: Applying Lessons Learned in Diagnostic Radiology to Advance the Field”, by Eliot Siegel

20:45-20:55 “Implementation of Tele-dermoscopy regional service at a tertiary referral center”, by Josep Malvehy

20:55-21:05 “Mobile teledermoscopy pilot study in the PCP setting”, by Joey Chao, Lois Loescher, H. Peter Soyer and Clara Curiel-Lewandrowski

21:05-21:15 “BerEP4 molecular imaging towards theranostics in coetaneous basal cell carcinoma”, by Bahar Dasgeb

21:15 Joint meeting adjourns
